Dear Mr. Weberman:

Many weeks ago I wrote with some comments on your recent edition of Coup D'Etat and asked that you sign my bookplate. You returned my bookplate, signed, and also sent a 4-page xerox copy in Spanish of a 1960 document. a brief note inside, unsigned, asked me to translate.

I have since called long distance at my expense and written requesting confirmation. I have not gotten a reply. I have translated the documents. I can send them back only if I know that you should receive them as the originator of the letter in which I received them. It would be irresponsible to just mail them with no acknowledgement. Please reply in writing to the above address or call at home at 614-890-8140 or at work at 614-764-5900, ext 337. (between 7:30-2:15) Sincerely
